Ask-N t [wewa 97(4)(Q) `t]

Steps for Opening Tenders

(1) Check and confirm the deadline for submission and opening of Tenders;

(2) Collect all Tenders received in accordance with the procedures set in the Invitation for Tender (IFT);

(3) Make sure that Tender Opening Committee (TOC) members are present;

(4) Check presence of intending participating Tenderers or their authorized representatives;

(5) Open the Tender box/sealed containers whatsoever on the date and time declared in the IFT;

(6) Sort-out the Tenders in accordance with the IFT and Group/Package;

(7) Enter the names of Tenderers (Tender-wise and Group/Package-wise) in the Tender Opening Sheet (TOS) maintained by the office opening the Tenders;

(8) During the process under Step (7) above mark Tender Serial Numbers (TSN) and encircle TSN with red-ink on the sealed cover of the Tender;

(9) Open envelopes marked “WITHDRAWAL” and read out and the corresponding tender shall not be opened, but returned to Tenderer. If the withdrawal envelope does not contain a copy of the power of attorney or a letter of authorised confirming the signature of the person duly authorised to sign on behalf of the Tenderer, the corresponding tender will be opened;

(10) Information relevant to withdrawals or modifications by the Tenderers may be clearly noted under ‘Remarks’ in col. 7 of the TOS;

(11) Next open envelopes marked “SUBSTITUTION” and read out the letter and exchange the substituted tender with the corresponding tender being substituted. The substituted tender shall not be opened, but returned to Tenderer. No Tender substitution shall be permitted unless the corresponding substitution notice contains a valid authorisation to request the substitution and is read out at Tender opening.

(12) Open Envelopes marked “MODIFICATION” and read out the letter. No Tender modification shall be permitted unless it contains a valid authorisation;

(13) Tear-open the sealed Tenders one by one (tender-wise and Group/ Package-wise) and again mark and encircle TSN with red-ink on the Tender (original and copies) with full dated signature of the Chairperson and other members of the Tender Opening Committee;

(14) Immediately after tear-opening the Tenders, put TSN chronologically on the document duly encircled by red-ink as earlier done in Step (8) above;

(15) Read-aloud the tender prices quoted by the Tenderer;

(16) Discounts offered by any tenderer in accordance with the Tender Document shall be read out and recorded under 'Remarks' in Col. 7 of the TOS;

(17) Check the requisite documents, requirements etc., and the Tender Security, in particular. Write the amount of Tender Security in column-3 of the Tender Opening Sheet (TOS);

(18) Put the TSN on the Tender Security (Bank Guarantee/Pay Order/Bank Draft) with red-ink duly encircled and initialled by the Chairperson of the Tender Opening Committee (TOC);

(19) Record the missing documents or any incompleteness and major or minor deviations in the appropriate location/pages of the Tender Document as a whole;

(20) If there is no correction in a particular page, write comment at the bottom of that page that "no correction in this page" or so, as appropriate;

(21) If there is any correction or overwriting in a particular page and duly initialled by the tenderer, encircle and initial that particular correction with red-ink. If there is more than one such correction and initial by the tenderer, repeat the procedures. And at the bottom of that particular page write comment that "one correction in this page with initial", "two corrections in this page with initials" and so on, as appropriate;

(22) If there is correction in a particular page but not duly initialled by the tenderer, encircle and initial that particular correction with red-ink. And at the bottom of that particular page write comment that "one correction in this page without initial" "two corrections in this page without initial" and so on, as appropriate;

(23) All red-ink encircled figures and words of the corresponding items and rates must be initialled by the Chairperson and other members of the TOC;

(24) If there is any item in the Bill of Quantities against which the tenderer has not quoted any rate and/or amount i.e. kept blank, put question mark in that blank space and at the bottom of the page write comment that “No rate and/or amount quoted for item no …….. in this page”;

(25) Obtain signature of the Tenderers and/or their authorized representatives in the TOS;

(26) Make sure after opening of the Tenders that all the members and the Chairperson of the TOC including the Tenderers or their authorized representatives who attended the Tender Opening have signed the TOS;

(27) TOS must be faxed or mailed or sent out to the appropriate authority immediately upon completion of Tender Opening.

Total Procurement Plan for Development Project / Programme

This part identifies the packages for Goods, Works and Services that are required under the development project/programme. It identifies each Procurement package, giving it a unique code and considers the expected cost of the package (as per the DPP/TPP), as well as the anticipated dates when the Procurement package will be supplied.

A separate Schedule, completed as shown below, should be provided for Goods, Works and Services.

Col No	Activity	Note
1	Package Number	In ascending numerical order. (e.g. GD1, GD2, GD3; WD1, WD2, WD3; or SD1, SD2, SD3 etc)
2	Description of Procurement Package	Brief description of the Procurement package, expressed in quantifiable terms. (as per DPP/TPP)
3/4	Unit/ Quantity	The unit of supply. (e.g. 1, set, sqm, lump sum) The quantity of the unit required (e.g. 1,2,3 etc; or 1,500 etc)
5	Procurement Method & Type	Procurement Method (e.g. OTM (NCT); LTM (NCT), DP, etc.)
6	Contract Approving Authority	State here the approving authority that gave approval to the Tender / Proposal Evaluation Report.
7	Source of Funds	Source of Funds (GoB or Own) or Development Partners (IDA, ADB, EU etc)
8	Estimated cost in Tk million	Express the anticipated cost in Taka million as per the DPP/TPP. e.g. 50 Lakh would be 5 million, 1 Crore 50 Lakh 10 thousand would be 150 million 10 thousand
	Indicative Dates	These are the three key dates of any Procurement activity, the date at which the Procuring Entity invites Tenders, the date at which a Contract is expected to be signed and the expected date of completion of the Contract.

Col No	Activity	Note
9	Pre-Qualification / Expression of Interest	Not generally used in Goods, so this shaded column is left blank Pre-Qualification (if applicable) may be used in Works. EOI is used in Services
10	Invitation for Tender / Proposal	State the anticipated date when the Advertisement will be placed and when the Tender Document will be ready for issue. For Services this is the issue date of the RFP
11	Signing of Contract	State the anticipated date when the Contract will be signed.
12	Completion of Contract	State the anticipated date when the Contract will be completed, excluding any warranty period or defects liability period.

Annual Procurement Plan for Development & Revenue Budgets

Time bound Procurement assists a Procuring Entity to effectively plan its Procurement requirements and is an important and useful tool used to monitor the progress of Procurement (a) to ensure that it does not go astray; (b) to ensure that early problems with slippage can be dealt with promptly; and (c) can form a useful Annual Plan for Procurement.

A separate Schedule, completed as follows, should be provided for Goods, Works and Services. Also a separate schedule should be used for Development or Revenue Budget.

Col No.	Activity	Note
1	Package Number	
2	Description of Procurement Item	To be copied from the Total Procurement Plan for Development
3 /4	Unit & Quantity	Project / Programme for those packages required in this financial year.
5	Procurement Method & Type	
6	Contract Approving Authority Source of Funds	In the case of Procurement using funds from the Revenue Budget the Columns shall be completed based upon information in the Revenue Budget.
7 8	Estimated Cost In Tk. Million	
9	Time Code for Process	In the first row on each form examples have been given to assist the Procuring Entity in completion of the Forms
10	Not Used (Goods)	Column 10 does not apply for Goods Procurement
10	Pre-Qualification (Works)	If Pre-Qualification is used then enter the anticipated process time in the “Planned Days” Column 11. Include time for Advertising, Responding to Advert, Evaluation and Approval (this may be as high as 80—90 days in some cases).
10	Advertise EOI	Determine the time it will take from issue of EOI, receiving responses, evaluation and approval to Issue of RFP date and enter the number of days in the “Planned Days” box in Column 11.

Col No.	Activity	None
11	Advertising Tender	Always show “0” in the “Planned Days” box in Column 11.
11	Advertising Tender	Always show “0” in the “Planned Days” box in Column 11.
11	Issue RFP	Always show “0” in the “Planned Days” box in Column 10.
12	Opening of Tender / Proposal	
13	Evaluation of Tender / Proposal	The date for each activity will automatically be calculated and appear in the “Planned Dates” box.

Records of Procurement to be Maintained by a Procuring Entity

(1) The records of Procurement of Goods, Works and Services made through each contract shall be maintained separately.

(2) In case of more than one contract falling under a particular package, the files or records shall be systematically maintained on each contract basis and arranged or grouped together on the basis of each package. For example, if one package of goods consists of 3 lots and for each lot a separate contract has been concluded, then there should be three files for 3 contracts and papers relating to each contract shall be maintained in the relevant contract files. All the three contract files relating to the particular package shall be maintained together as a group or package. If in a goods package, say Package No. G1 there are 3 contracts then the contract files shall indicate as G1: Contract -1 (3), G1: Contract 2 (3), G1: Contract 3 (3). All the 3 contracts shall be serially maintained under one package. The file number may include ---/----/Procurement/ G1: Cont-1 (3)/2004-06. The indicated years are the file opening and closing years.

(3) The file should be opened indicating the year when it is opened and the year when it should be closed. In other words it should include year of commencement and year of completion of contractual obligations.

(4) A particular Contract file may have more than one Part file. Part file shall be indicated in the file number as Part-1, Part-2 say for example: -----/-------/G1: Cont.1 (3) Part-1/2004 -06.

(5) The checklist of records format shall be placed at the top of every file whether it is a part file or not. The format of the checklist should be filled in stating the records maintained in a particular file. Where part file is opened, some of the columns of the checklist of records will remain blank concerning the records not maintained in a particular part file.

(6) The concerned officer of the Procuring Entity should indicate in writing in the format in which part file or main file the records appearing blank are available.

(7) If relevant papers relating to a particular Procurement are maintained by more than one branch of the Procuring Entity, the relevant branch shall transfer the records to the main Procurement file.

(8) If it is not possible to transfer the records and documents, the concerned department(s) shall maintain the documents/records relating to the Procurement for the period stated in the Regulations and the Procedures. The concerned Procurement Officer shall ensure the relevant branch is complying with the requirement and the Procedures of the Regulation 9. This situation may arise in case of documents/records maintained by the Accounts Branch who may retain the original documents for audit or other purposes.

(9) The pages of the file shall be numbered serially. The entire file should be preserved in a manner so that no page should miss. The pages in the file should be bounded if possible.

(10) The attached format and the records mentioned therein shall be placed as part of the records on top of the papers of each file.

(11) The file shall be given a number and maintained systematically so that it can be located immediately whenever required.

(12) The file shall have a title page. The title shall mention the project name object of Procurement Package Number etc. An example of a title page of a file is attached.

* **Featherbedding** is the practice of requiring an employer to hire more workers than needed to handle a job

Ask L t [vewa 112 (8) `t]

Ask K t **General Considerations for the Employment of Consultants**

(1) Appointment of Consultants, local or international, at times is a crucial element in the project cycle. Depending on the nature of a project, combination of both local and International Consultants in implementing any project or activity can be more useful and effective. A project may not be ready for financing without Consultant's Services. An aid agreement may not be effective till a Consultant is in place. A tender document may not be issued or even prepared without a Consultant. A system may not be introduced or reformed without the Services of Consultant. At the conceptual or project preparation stage it is to be thoroughly scrutinized to identify the areas where the Services of the Consultant is necessary if the technology involved is complex and not locally available and the concerned agency has no experience. Therefore, where it is considered expedient that the service of a Consultant is required, appointment of local or International Consultants should be considered. However, the Procuring Entities should be selective in appointment of Consultants. International Consultants may be appointed when local expertise is not available. While using International Consultants arrangements should be made to ensure a mechanism for transfer of technology or expertise. Human resources development should form an integral part of any technical assistance programme.

(2) Consultants are generally appointed for the following purposes:

(a) Pre-investment Studies: These comprise the investigations that normally precede decisions to go forward with specific projects. These studies determine the investment needs and the type of interventions needed to attain the desired goal. These include identification of priority area of investment, need for policy adjustment, feasibility studies for project or programme, improvement of existing management practices etc.

(b) Preparation Services: These comprise the technical, economic or other assignment required to fully define a project and prepare it for implementation. These Services normally include the preparation of a project, collection of relevant Documents, information and data, setting objectives, identifying activities for attaining objectives, requirement of physical and financial resources, preparation of Procurement Documents.

(c) Implementation Services: These relate to actual implementation of the activities using resources already identified during preparation phase. Implementation shall follow the time chart already worked out and revised from time to time. Implementation may be of the nature of construction of a complex road, building or a bridge, procurement and installation of goods and equipment. It may be of the nature of reforming a system in order to improve efficiency and ensure better performance. This involves supervision, management, inspection and providing necessary technical Services.

(d) Technical Assistance: These comprise a wide range of intellectual and professional Services along with other support service, such as development and sector planning and institution building, including organization and management (O&M) studies, staffing requirement and training needs and assistance in the implementation of study recommendations.

(3) Technical Assistance Projects have a clearly stated policy to build local capacity in course of execution of the projects. The objective is to facilitate transfer of knowledge and technology through the interaction between international and Local Consultants during the implementation of the project.

(4) For each position created in consulting service appropriate attention should be made to compatible international/ local positions. International Consultants can be of any national of eligible countries including Bangladesh.

a. Association of Consultants with International & Local Consulting Firms:

(1) For development projects implemented in Bangladesh by the GOB with the support of development partners, may require the engagement of international consulting firms. Each international consulting firm is encouraged to seek participation and obtain full range of expertise by associating with local consulting firm(s) or entities in a joint venture or sub-consultancy, as appropriate.

(2) International consulting firms may include national Consultants in their payroll and are entitled to apply their Fees/Charges for the Local Consultants provided they are recruited as their team.

(3) The local consulting firms will have Local Consultants in their payroll and are entitled to apply their Fees/Charges on the Local Consultants working for them.

(4) If a Bangladeshi firm is short-listed to compete with international firms, it may use the Services of both international and local Consultants and is entitled to apply Fees/Charges for both categories of Consultants.

(5) In a joint participation of international and local consulting firms member firms will mutually decide the payroll arrangements.

b. Billing Rates and Modus Operandi:

(1) Billing rates shall be calculated on staff-month basis. The billing rates of consulting firms usually consist of staff remuneration, social charges, overhead charges, and the Consultant's fee.

(2) The billing rate will vary depending on the nature of the consulting firm. As guidance, an example of typical billing rate calculation is provided below:

Item	Component	International/ National Firm
1	Staff Remuneration	
2	Social Charges	40% of Remuneration
3	Overhead	60—100% of Remuneration
4	Consultant's Fee	10—15% of (1+2+3)

General Considerations for Employment of Bangladeshi Nationals as Individual Consultants in Aided Projects

1. Employment of Bangladeshi Nationals as Consultants in Foreign Aided Projects: All Ministries, Divisions and Government agencies including local authorities shall, subject to agreement with the development partners employ qualified Bangladeshi nationals as Consultants, if available, in foreign aided projects under their execution.

2. Eligibility for applying for the posts of Consultants**:**

   (a) Any Bangladeshi national including persons in the service of the Republic or the local authorities/corporations (See Schedule M) may, if he/she is qualified for any post of Consultant, apply for the post.

   (b) No person who has been convicted by any Court of Law or dismissed from Services for misconduct shall be eligible for consideration for appointment to a post.

3. Educational qualifications and experience:

   (a) Broadly, the Bangladeshi Consultants shall be divided into three main groups, namely:

      (i) Junior Consultant;

      (ii) Consultant;

      (iii) Senior Consultant.

   (b) A guideline for educational qualifications and experiences of the Local Consultants is provided below, however, educational qualifications and experience will vary according to the nature and scope of assignment and a Procuring Entity, taking this into account, will specify the requirements. Preference should be given to a person with intellectual and professional knowledge and skill for the required service:

      (i) **Junior Consultant:** (i) Bachelor/ Masters degree or an equivalent (mention one depending on the type of assignment) for the following fields-medical/ engineering/ agriculture; and (ii) Masters degree or equivalent for other fields, with at least five (5) years of professional experience in the relevant field of assignment.

(ii) **Consultant:** (i) Bachelor/ Masters degree or an equivalent (mention one depending on the type of assignment) for the following fields: medical / engineering / agriculture; and (ii) Masters degree or equivalent for other fields, with at least ten (10) years experience in the relevant field of assignment with comprehensive intellectual and professional knowledge and skill.

(iii) **Senior Consultant:** (i) Bachelor/ Masters degree or an equivalent (mention one depending on the type of assignment) for the following fields- medical/ engineering/ agriculture; and (ii) Masters degree or equivalent for other fields, with at least fifteen (15) years experience in the relevant field of assignment with high level of intellectual and professional knowledge and skill Experience may be relaxed in the case of highly qualified person depending on the field of assignment.

4. Fee:

The Code of Ethics for Public Procurement

1. **Short title and commencement.** —This code may be called the Code of Ethics for Public Procurement, 2007.

2. **Application.** — (1) This Code shall apply to all Persons, whether they are directly or indirectly involved in public procurement activities.

   (2) This Code shall be considered as the basis for best practices of ethical behaviour for Persons engaged in public procurement within Bangladesh.

3. **Definitions.**—In this Code, unless there is anything repugnant in the subject or context—

   (a) "Competent Authority" means the Government or other authority to whom the relevany powers may be delegated by the Government;

   (b) "public servant" means a public servant as defined in Section 21 of the Penal Code, 1860 (Act XLV of 1860), and includes officers and staff of all Procuring Entities;

4. **General explanation.**—(1) Where the public servant is a female, reference to "he", "him", "his", "himself" in this Code shall be construed as reference to "she", "her" or "herself".

   (2) Where a Person is an individual then the references shown in (1) above shall apply to that Person. Where a Person is a body of individuals, a firm or a company, an association or an organisation whether incorporated or not, reference to "he", "him", "his" or "himself" shall be construed as reference to "it", "its" or "itself" as the case may be.

5. **General principles.** — (1) A Person shall always act professionally and selflessly, seeking to assist in enhancing efficiency, competition, transparency and accountability in public procurement in Bangladesh by—

   (a) complying with —

      (i) the Act, Rules, guidelines, orders or other documents concerning public procurement in Bangladesh; and

      (ii) any contractual obligations established between the Procuring Entity and a Person;

(b) maintaining the highest possible standard of integrity in all their dealings with public servants both within and outside the Procuring Entity;

(c) encouraging and developing the highest possible standards of professional competence amongst Persons, and those who work under their supervision and for whom they are responsible;

(d) enhancing the proficiency and reputation of public procurement by acquiring and maintaining current technical knowledge, following best procurement practices and establishing the highest standard of ethical behaviour;

(e) optimising the use of resources under their control and supervision to provide the minimum benefit to the Procuring Entity and the nation.

(2) A Person shall not allow himself to be deflected from the principles mentioned in this Code.

6. **Gifts**.— (1) Save as otherwise provided in this Code, no Person shall offer to any public servant, or any member of his family, any gift the receipt of which will place him under any form of official obligation to the donor of the gift.

(2). A Person may give to a public servant a gift of small intrinsic value such as business diaries, calendars, key rings or a ballpoint with the Person's company symbol provided that the value of such individual item does not exceed Tk. 500/-.

7. **Hospitality.** — (1) A Person shall not influence or put a public servant under any obligation by offering hospitality to influence the making of a procurement decision by that public servant as a consequence of accepting hospitality from a Person or any other private individual.

(2) A Person shall not encourage any meetings or entertainment to be held, the main purpose of which shall be to honour or praise a public servant.

8. **Unacceptable activities**.—(1) The following activities shall be considered unacceptable activities under this Code:

(2) A Person shall not offer to or secure for, or promise to secure for a public servant any foreign award, title or decoration.

(3) A Person shall not approach any public servant to secure for that public servant an invitation to visit a foreign country or for training abroad, unless such training has been formally approved in any procurement document or aid agreement.

(4) A Person shall not lend money to, or borrow money from, or place himself under any pecuniary obligations to any public servant with whom he has any procurement dealings.

(5) A Person shall not encourage a public servant to construct a building whether intended to be used for residential or commercial purpose, nor encourage a public servant in the buying or selling of valuable property, moveable and immovable, nor encourage a public servant to speculate in investments.

(6) A Person shall not encourage a public servant, or a member of his family, to engage in any trade in the area over which such public servant has jurisdiction, nor to undertake any employment of work, other than his official duties.

9. **Communication of official documents or information.**—(1) Save as provided otherwise in this Code, a Person shall not disclose directly or indirectly to any other Person, or any public servant, or a private individual, or to the press, other than those to whom he is authorised to communicate it, the contents of any document or information which has been entrusted in confidence to him by a public servant, or to which he had access owing to his involvement in the procurement proceedings or the content of the document.

(2) A Person shall disclose the contents of any official document or communicate any information which has come into his possession to another official only if so provided for, or as may be reasonably expected, during the performance of the procurement proceedings or contract in force at that time.

10. **Conflict of Interest.**—A Person finding a personal interest arising such that it may affect his impartiality in any matter relevant to his obligations at the point in time should consider this as a conflict of interest and shall therefore declare this personal interest immediately upon being aware of such interest to the public servant with whom he is dealing at that time.

(2) A conflict of interest may also be considered to exist if a Person is in any way closely related to, either as a friend or a relation or has a financial investment in a business with any public servant with whom he is dealing at that time.

11. **Obligations of a Person.** — A Person has an obligation to a Procuring Entity that in performing his obligations under any procurement activity or contract, he will comply with the Act, Rules, or other documents published by the Competent Authority.

(2) No Person shall indulge in corrupt, fraudulent, collusive or coercive practices, the nature of which is defined in Rule 127.

12. **Contravention of this Code.** — Contravention of this Code shall be construed as misconduct and may result in that Person being debarred from partaking in any future public procurement either indefinitely or for any period of time as determined by a Procuring Entity.

13. **Decisions and advice.** — Should a Person be unclear as to what is and what is not acceptable he should seek advice from the Head of the Procuring Entity, or as appropriate, the Competent Authority.

14. **This Code not to be in derogation of any law etc.** — Nothing in this Code shall derogate from the provisions of any law, or of any order of any competent authority, for the time being in force, relating to the conduct of a Person.
